Do you have

Postpartum

Depression?

# Research Treatment in Tallahassee

This Study is:

Non-Drug

Non-Invasive

Confidential

## At the FSU Neuromodulation Lab, we want to help

The Purpose of this study is to identify emerging noninvasive treatment approaches that may help improve symptoms related to Post Partum Depression and Anxiety. You may be eligible for this study, which includes a brief evaluation, Virtual Reality Sessions (VR), and accelerated Transcranial Stimulation (aTMS).
