

SEEKING PARTICIPANTS FOR PROSTATE CANCER STUDY!

Are you a prostate cancer survivor of Black descent?

- Help improve a mobile app designed to enhance quality of life for prostate cancer patients.
- Join our study evaluating a mobile health app's usability and effectiveness for prostate cancer patients.

WHAT'S INVOLVED

- Complete surveys or use the app for daily assessments (if in the treatment group).
- Provide feedback on the app's features through interviews or focus groups.
- Your input will help improve care for future prostate cancer patients.

STUDY DURATION

- 12 months for app use
- Flexible interview/focus group times.

You'll be compensated for your time.
